

## YOUR GATEWAY TO THE EUROPEAN SOLAR MARKET

WAREHOUSING IN GERMANY • Specialized storage for solar modules & components  
• safe handling • inventory management • API 4 WMS • freight & return management • value-added-services • one-stop-shopping

### ENTER EUROPE WITH FULL CONTROL – NOT RISK.

Expanding into Germany and Europe is a major opportunity. But without the right logistics partner, it quickly becomes expensive and unpredictable. Delays. Customs issues. Damaged goods. Missed project timelines...  
**WE ELIMINATE THESE RISKS.**

### ONE PARTNER. FULL SOLUTION.

PEELEN Logistics provides end-to-end solar supply chain services.

#### IMPORT & FREIGHT MANAGEMENT

Coordination from Chinese factories to European ports  
Container optimization & shipment control  
Reliable transit planning

### VALUE-ADDED SERVICES – ALL FROM ONE SOURCE

Go beyond logistics. Prepare your products for the European market  
Quality control & inspection  
Shock labels for transport monitoring  
Inverter testing & functional checks  
Battery charging & handling  
Re-packing & EU-compliant re-labeling  
Pick-up warehouse for installers & technicians  
Returns & reverse logistics management  
Everything handled in one place – ready for EU market entry.

**PEELEN Logistik GmbH**  
 Nordring 3, 47495 Rheinberg  
 Your Solar supply chain partner.

## PROJECT LOGISTICS

Just-in-time delivery to solar construction sites  
 Buffer storage & call-off stock  
 Coordination with EPCs & project developers

## STRATEGIC LOCATION GERMANY

Located in the Lower Rhine region:  
 Direct access to Rotterdam & Antwerp ports  
 Central hub for European distribution  
 Fast connection to all major solar markets

## EUROPE-WIDE DISTRIBUTION

Fast delivery across Germany and the EU  
 Flexible transport solutions (FTL / LTL / express)  
 Cross-docking & efficient distribution

## CUSTOMS & COMPLIANCE

Full EU customs clearance  
 Handling of tariffs, duties & documentation  
 Smooth import processes without delays

## WHY PEELEN LOGISTICS?

Because success in Europe depends on execution. We understand:  
 European market requirements • Solar project timelines • The cost of delays and errors  
 We don't just move goods. **We make your expansion into Europe reliable and scalable!**

Your products are ready for Europe. Is your logistics ready too?

**EXPAND YOUR BUSINESS IN EUROPE – WITH CONFIDENCE**  
**PEELEN LOGISTICS.**

Your trusted partner for solar logistics in Germany and Europe.
